## Dear Brethren in Christ,

I would like to introduce myself. My name is Adam Pogue and I am known as an outgoing person who loves to help friends, family, and fellow Christians. I am very excited about making the transition from the technology field to full time evangelism. My desire is to devote myself to serving God's Kingdom by working with a church, reaching the community together, and encouraging spiritual and numerical growth.

I am 29 years old and married to a wonderful Christian woman whom I had the privilege of sharing the gospel with and leading to Christ. We were married in 2008 and are currently expecting our first child in January 2011.

As a fellow worker with the church, I have a passion for public preaching and I especially enjoy developing one-on-one relationships and sharing the gospel on a personal level. I desire to reach lost souls with the word of truth and love of Christ. Together doing God's work according to God's word, we can trust in His blessing and our growth.

Currently, I am working with the Jackson Heights church of Christ (Columbia, TN) in their preacher training program. This program began in February 2010 and is slated to conclude in February 2011.

I was blessed to be raised in a Christian home. I have always had a love for God and His truth. However, I did not decide I wanted to devote my life to full time evangelism until 2008. My wife and I were having weekly Bible studies with Andrew Roberts at the time. After months of prayerful consideration, Alysha and I decided this should be our life's work. In 2009, the shepherds at Jackson Heights offered an internship opportunity. Since 2006 I had worked in the business and I.T. fields, but I redirected my path to devote my full time and attention to preaching the gospel.

My naturally outgoing personality along with my technology skills make me a well rounded worker who can help connect people to a local church. I look forward to partnering with a group of Christians as we combine our talents to reach the lost together.

The following is a list of accomplishments that have helped prepare me with valuable life and leadership experience.

In Christ,

Adam S. Pogue
